

## **PRETTY**

**Such a pretty couple  
Pretty girl and pretty boy  
All the latest gadgets  
So many lovely toys  
Such a hopeful future  
Pretty boy and pretty girl  
Think they've got it figured  
This life, this love, this world  
Pretty boy and pretty girl**

All the latest fashions  
Adorn their to slim frames  
All the latest music  
Injected in their brains  
Will they have 2 children  
When the time is right  
When they've worked and traveled  
And the future is bright

### **Chorus**

They discuss those movie stars  
And occasionally a book  
Outraged over politics  
Glad for the time they took  
To go and vote, to raise their voices  
To really take a stand  
Self-satisfied and never once  
Look back at where they ran

### **Chorus**

Such attractive people  
Mature woman, handsome man  
Problems nicely buried  
Heads down in the sand  
Life it seems to fly so fast  
Girl and boy long gone  
But sleep is sleep and cheap is cheap  
Illusion is the con

### **Chorus**
